

## HORWIN PS-DDxx12 DC/DC converter

DC/DC converters for powering mobile radio stations and other equipment. The converters have galvanic isolation of the voltage of the input power circuit. They work in a wide range of input voltages.

PS-DD – power supply DC/DC xx – input voltage 12 – output voltage	PS-DD2412	PS-DD7212
DC output voltage, V	13,5	13,5
Maximum output current	15	15
DC input voltage, V	20-48	60-130
Change in input voltage at max. load current, V	1	1
Overall dimensions, mm	220x115x50	220x115x50
Weight (aprox.), kg	0,7	0,7
